

**PRESIDENT'S

Martin Grabanski, CHFM

**What** an exciting and rewarding year 2011 has been for the Missouri Society for Healthcare Engineering! We have seen MOSHE grow over 32% this year with membership now exceeding 210. This makes MOSHE the 3<sup>rd</sup> largest personal membership group (PMG) with the Missouri Hospital Association. We have expanded educational programs, created an updated and well maintained website, ASHE Gold recognition 5 consecutive years, the establishment of a student chapter with Southeast Missouri State University, membership recruitment fliers, quarterly newsletters, monthly Board

meetings, advanced notification and e-mail reminders of events, recognition of MOSHE partners at events and on the website.

This level of growth did not just happen. It is due to the hard work and dedication of individuals working together that has made this level of success possible for MOSHE this year. The following list of Board Members and Committee Members for 2011 of MOSHE have been outstanding!

Advocacy—David Jones, Heartland Health, St. Joseph
